SENNHEISER

RS 120 II

The RS 120 II is an open, supra-aural wireless RF headphone system. Its transparent and well-balanced sound with great bass response makes this system an ideal choice for all types of music and TV applications. Furthermore, its innovative „easy recharge“ function offers the ultimate in convenience when it comes to charging and storing your wireless headphones. Enjoy total freedom of sound, stylish design and maximum comfort, all at an affordable price.

- Detailed, warm sound reproduction with strong bass
- Suitable for all types of modern music and TV applications
- Wireless freedom with reception through walls and ceilings, up to 130 metres (430 feet)
- Volume and tuning controls conveniently located on the headphone
- Multi-functional transmitter with 'easy-charge' function (transmitter, charging cradle and docking station)
- Optional wall mounting of transmitter
