

iRobot®

A clean that
fits your life

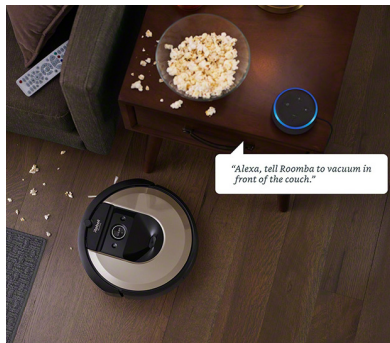

i6 Roomba® Robot Vacuum

Your clean your way

Cleans exactly how, when, and where you want. Imprint® Smart Mapping allows you to tell the i6 exactly where to clean and when, while customizable Keep Out Zones allow you to tell them where to avoid.

Vacuum messes in the moment

Cutting-edge mapping and smart navigation allow you to send the i6 to messes when they happen, with just a simple command to your voice assistant*.

Dirt, be gone

Experience a comprehensive clean with the powerful cleaning system that pulls in dirt, debris, and pet hair from wherever it hides.

With 30 years of robotic expertise and continuous innovation, iRobot® has optimized our Roomba® robot vacuum to help thoroughly clean floors in homes around the world.

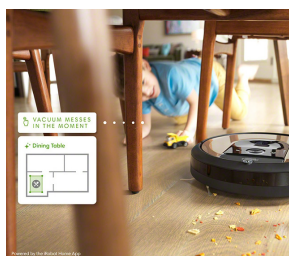

Roomba® i6 features:

Enjoy complete control of your clean

With advanced navigation, the i6 can clean messes where you want, when you want. And equally important, it can stay out of where you don't want it to go. It's vacuuming that fits seamlessly into your life.

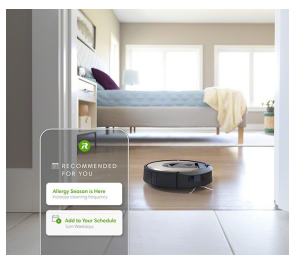

Cleaning that fits seamlessly into your life

Cereal on the floor? Cat knock over a potted plant? The i6 can target specific areas within your rooms, like in front of the couch or under a table, for easy, hands-free clean-up, with just the sound of your voice*.

Small dust? Large debris? No problem.

Experience a comprehensive clean with Dual Multi-Surface Rubber Brushes and 10X the Power-Lifting Suction** that pulls in dirt, debris, and pet hair from wherever it hides, along with an Edge-Sweeping Brush to take care of the details.

Makes suggestions that benefit you

Learns your cleaning habits and makes personalized suggestions. It also recommends things you might not even think of - like extra cleaning during allergy or pet shedding season.

Cleans around your home, and your life.

The i6 doesn't rest until your floors are clean. With cutting-edge vSLAM® navigation, the i6 maps your home to navigate in neat, efficient rows. If it's running low on battery, it charges itself and picks up where it left off to ensure the job gets done.

Better together

Take vacuuming and mopping off your list — all at once. With Imprint® Link Technology, Roomba® i6 robot vacuum and Braava jet® m6 robot mop can team up to vacuum then mop in perfect sequence, giving your floors a comprehensive clean without any effort from you.

Specifications

PRODUCT

SKU	i615840
Robot Dimensions (cm)	34 x 34.2 x 9.3
Robot Weight (kg)	3.38
Filter Type	High-Efficiency
Battery Type	Lithium-Ion
Bin Volume	0.4 liter

BOX CONTENTS

Roomba® i6 Robot Vacuum
